

The fruits of  
Prohibition

# BATMAN:

"I'LL FLY AWAY"

looks like Two-Face's gang  
Found a shipment of  
booze that belonged to the  
Joker.

too late to ask them  
where it came from...  
and the Joker's men fled the scene

At least no one else  
will drink it.

one of them is running

why do they run?

i always catch them..

...always..

ROOM!

new car handles like a dream

the madman manages to miss the pedestrians

got to stop him before anyone

manage to head towards an empty dock

She's got time to jump out

come on, girl...

CARS

JUMP!!!
